2012-10-21 The story of Mary Musgrove

(1700-1764), a Creek Indian-English woman
struggling for success in colonial society, is
an improbable one. As a literate Christian,
entrepreneur, and wife of an Anglican
clergyman, Mary was one of a small number
of mixed blood Indians to achieve a position
of prominence among English colonists. Born
to a Creek mother and an English father,
Mary's bicultural heritage prepared her for an
eventful adulthood spent in the rough and
tumble world of Colonial Georgia Indian
affairs. Active in diplomacy, trade, and
politics--affairs typically dominated by men--
Mary worked as an interpreter between the
Creek Indians and the colonists--although
some argue that she did so for her own
gains, altering translations to sway
transactions in her favor. Widowed twice in
the prime of her life, Mary and her
successive husbands claimed vast tracts of
land in Georgia (illegally, as British officials
would have it) by virtue of her Indian
heritage, thereby souring her relationship
with the colony's governing officials and
severely straining the colony's relationship
with the Creek Indians. Using Mary's life as a
narrative thread, Steven Hahn explores the
connected histories of the Creek Indians and
the colonies of South Carolina and Georgia.
He demonstrates how the fluidity of race and
gender relations on the southern frontier
eventually succumbed to more rigid
hierarchies that supported the region's
emerging plantation system. 14206 17 21 83
