2008-11-13 Malcolm Shaw's engaging
and authoritative International Law has
become the definitive textbook for
instructors and students alike, in this
increasingly popular field of academic study.
The hallmark writing style provides a
stimulating account, motivating students to
explore the subject more fully, while
maintaining detail and academic rigour. The
analysis integrated in the textbook

challenges students to develop critical thinking skills. The sixth edition is comprehensively updated throughout and is carefully constructed to reflect current teaching trends and course coverage. The International Court of Justice is now examined in a separate dedicated chapter and there is a new chapter on international criminal law. The detailed references and reliable, consistent commentary which distinguished previous editions remain, making this essential reading for all students of international law whether they be at undergraduate level, postgraduate level or professional lawyers. 7438 p 50 54 ILR p 57 192 Cmnd 7438 p 48 54 ILR p 55 193 Cmnd 7438 pp 59 60 54 ILR p 66 194 Cmnd 7438 p 94 54 ILR p 101 This arose because of the presence of the British islands close to the
